- transition and equivalence pathways
Profession: Psychology

This form is for psychologists who hold general registration to apply for endorsement of their registration in an approved area of practice who have not completed a Psychology Board of Australia (the Board) approved registrar program and meet the criteria for one of the following transition and equivalence pathways:

- were enrolled in an accredited Doctoral degree on 30 June 2010 and have subsequently completed the Doctoral degree, or
- completed an overseas qualification that has been assessed by the Board as substantially equivalent to an approved postgraduate qualification accredited as a sixth year of study or higher in an approved area of practice in Australia, followed by a period of supervised practice that is substantially equivalent to a Board approved registrar program, or
- completed a postgraduate qualification in Australia before 2003 that is substantially equivalent to an approved postgraduate qualification accredited as a sixth year of study or higher in an approved area of practice, and you are able to demonstrate that you have completed a period of supervised practice that is substantially equivalent to a Board approved registrar program.

If you have a substantially equivalent qualification (completed overseas or in Australia before 2003) but have not completed a period of supervised practice that is substantially equivalent to the registrar program, you will need to complete a registrar program before you can apply for endorsement.

There are no other transition or equivalence pathways to endorsement available. If you do not fit one of the above criteria you will need to complete an approved postgraduate qualification accredited as a sixth year of study or higher in an approved area of practice, followed by a Board-approved registrar program to qualify for an endorsement. Registration standards, codes and guidelines can be found at www.psychologyboard.gov.au/Standards-and-Guidelines
