To: Psychconsultation

Subject: Review of Area of Practice Endorsements- Counselling Psychology

To Psychology Board of Australia,

As a student and near graduate of Counselling Psychology, I am concerned with the definition and associated competencies for counselling psychology, as they appear in the Psychology Board's consultation paper.

I support the attached document developed by the College of Counselling Psychology, in conjunction with counselling psychology program coordinators. I believe the amended definition of counselling psychology and associated competencies more accurately reflects the teaching and practice of counselling psychology in Australia and is aligned with recognised international standards for counselling psychology.

Kind regards,

Laura Knox
