

Application for provisional registration Profession: Psychology

Part 7 Division 6 of the Health Practitioner Regulation National Law (the National Law)

This form is for individuals who are applying for provisional registration to enable them to undertake the period of supervised practice required to be eligible to apply for general registration. Individuals applying must have completed a four-year accredited sequence of study in psychology completed in the last ten years, or a sequence of study that, in the Board's opinion, is substantially equivalent to an approved qualification.

A list of approved programs of study in psychology is available on the Board's website at www.psychologyboard.gov.au/Accreditation

There are three distinct pathways available for completion of the required supervised practice:

- **The higher degree pathway:** a fifth and sixth-year accredited higher degree leading to general registration (i.e. Masters, Doctorate, or combined Masters/PhD), or
- **The 5+1 internship program:** a fifth year accredited degree (i.e. Master of Professional Psychology), followed by a one year Board-approved internship, or
- **The overseas qualifications pathway:** qualifications that are assessed as equivalent to an accredited six year sequence of study in psychology and completion of a Board approved transitional program. Applicants for registration via the overseas assessment pathway should not use this form – please use form APOS-76 instead.

Note, each pathway is distinct and components from two or more pathways cannot be combined to meet the supervised practice requirement for general registration. It is important that you refer to the Board's registration standards, codes and guidelines before completing this application. These documents can be found at www.psychologyboard.gov.au

 **This application will not be considered unless it is complete and all supporting documentation has been provided.** Supporting documentation **must** be certified in accordance with Ahpra guidelines. See *Certifying documents* in the *Information and definitions* section of this form.

CRIMINAL HISTORY

Criminal history includes the following, whether in Australia or overseas, at any time:

- every conviction of a person for an offence
- every plea of guilty or finding of guilt by a court of the person for an offence, whether or not a conviction is recorded for the offence, and
- every charge made against the person for an offence.

Under the National Law, spent convictions legislation does not apply to criminal history disclosure requirements. Therefore, you must disclose your complete criminal history as detailed above, irrespective of the time that has lapsed since the charge was laid or the finding of guilt was made.

The Board will decide whether a health practitioner's criminal history is relevant to the practice of the profession.

You are not required to obtain or provide your Australian criminal history report, Ahpra will obtain this check on your behalf. You may be required to obtain international criminal history reports. For more information, view the full registration standard online at www.psychologyboard.gov.au/Standards-and-Guidelines

IMPAIRMENT

Impairment means a physical or mental impairment, disability, condition, or disorder (including substance abuse or dependence) that **detrimentally affects or is likely to detrimentally affect your capacity to practise the profession.**

The National Law requires you to declare any impairments at the time of application. If you have an impairment, you will need to provide details of the impairment and how it is managed.

PRACTICE

Practice means any role, whether remunerated or not, in which you use your skills and knowledge as a health practitioner in your profession. Practice is not restricted to the provision of direct clinical care. It also includes using professional knowledge in a direct non-clinical relationship with clients, working in management, administration, education, research, advisory, regulatory or policy development roles, and any other roles that impact on safe, effective delivery of services in the profession.

PROFESSIONAL INDEMNITY INSURANCE (PII)

You must have PII, or some alternative form of indemnity cover that complies with the Board's registration standard, for all aspects of your practice, in all locations in Australia. Initial registration and annual renewal of registration requires a declaration that you will be covered for all aspects of practice for the whole period of the registration. You may be covered by your Australian employer's PII—you will need to confirm this with your employer.

For more information, view the complete registration standard online at www.psychologyboard.gov.au/Standards-and-Guidelines
