## Application for provisional registration Profession: Psychology

Part 7 Division 6 of the Health Practitioner Regulation National Law (the National Law)

This form is for individuals who are applying for provisional registration to enable them to undertake the period of supervised practice required to be eligible to apply for general registration. Individuals applying must have completed a four-year accredited sequence of study in psychology completed in the last ten years, or a sequence of study that, in the Board's opinion, is substantially equivalent to an approved qualification.

A list of approved programs of study in psychology is available on the Board's website at [www.psychologyboard.gov.au/Accreditation](http://www.psychologyboard.gov.au/Accreditation)

There are three distinct pathways available for completion of the required supervised practice:

- **The higher degree pathway:** a fifth and sixth-year accredited higher degree leading to general registration (i.e. Masters, Doctorate, or combined Masters/PhD), or
- **The 5+1 internship program:** a fifth year accredited degree (i.e. Master of Professional Psychology), followed by a one year Board-approved internship, or
- **The overseas qualifications pathway:** qualifications that are assessed as equivalent to an accredited six year sequence of study in psychology and completion of a Board approved transitional program. Applicants for registration via the overseas assessment pathway should not use this form – please use form APOS-76 instead.

Note, each pathway is distinct and components from two or more pathways cannot be combined to meet the supervised practice requirement for general registration. It is important that you refer to the Board's registration standards, codes and guidelines before completing this application. These documents can be found at [www.psychologyboard.gov.au](http://www.psychologyboard.gov.au)
