**RE: Consultation paper 26: Review of area of practice endorsements**

Dear Sirs,

I wish to give my support for the revised competency statements provided to you by Curtin University, Western Australia, the Association of Counselling Psychologists and the APS College of Counselling Psychologists.

Having read their updated description and list of competency statements it is my opinion that this revision more accurately reflects the nature of counselling psychology training, research, and practice in the specialised domain of counselling psychology.

Kind regards,

---
