

Summary of ethical dilemma tasks for the 4+2 internship program

The following template may be used by supervisors of provisional psychologists undertaking the 4+2 internship program for recording their assessment of the ethical dilemmas tasks. Supervisors are free to use alternative formats but must keep some record of assessment.

The ethical dilemmas task is mandatory for the internship and requires at least three presentations or reports on ethical dilemmas encountered by the provisional psychologist in practice. For details of this assessment task refer to the *Guidelines for the 4+2 internship program*.
